

Addendum to Request for Proposal- Unleaded Gas, Diesel Fuel, #2 Fuel Oil, and kerosene

Invitation for Bid No. 2014-7

Note: All specifications and contract documents remain unchanged except the sections or parts added to revised, deleted, or clarified by this addendum.

Below are answers to questions received regarding this RFP.

Q1. What size delivery trucks can access the delivery areas?

A1. MGE currently has four generators on property:

2 – 5,000 gallon capacity

2 – 6,000 gallon capacity

Delivery areas can accommodate both Tank Wagon and Motor Transport delivery trucks.

Q2. How many vehicles will be using the gas station to fill?

A2. MGE has a current fleet of 10 vehicles. This is subject to change.

Q3. Does MGE require their vehicles to fill at bid winner only?

A3. As a general rule, vehicles will be filled at the awarded vendor's location unless unforeseen, extenuating circumstances prevent it. The estimated usage listed on the Bid Proposal Form is the amount purchased from last year's awarded vendor.
