Applicants Needed for Energy Assessment of Homes *Assessments May Result in Energy Savings*

Akwesasne Territory. The Saint Regis Mohawk Tribe has been pleased to be able to participate in CITGO's Home Heating Fuel Assistance program. This program has been a tremendous benefit to our community and we've received tremendous positive feedback and appreciation for the assistance provided to our members.

As the conclusion of this year's 2008 CITGO/SRMT program agreement, Tribal community members may also benefit from the Energy Assessment component of this program. Westridge Services has been contracted to conduct energy assessments for approximately 60 homes within the territory. Participation in the assessment is voluntary and homeowners are strongly encouraged by the Tribe to assist in the assessment process. The assessment will determine how much energy cost savings may possibly be achieved. The energy assessment reports shall be shared with the Tribe, CITGO and our community. Tentative Energy Assessment inspections shall be conducted August 28th and 29th.

An application must be completed in full to be eligible to participate prior to the assessment inspection. Should you wish to participate please contact the Tribe's Compliance Department at (518) 358- 2272

###

The St. Regis Mohawk Tribal Council is the duly elected and federally recognized government of the St. Regis Mohawk People.
