

## Organic Egg Entrepreneur Project

The Saint Regis Mohawk Tribe's Agriculture Program is offering a unique opportunity to local students in grades 9 to 11; we are conducting a summer training program that will teach students of the process and practices involved with producing organic eggs.

We will construct a chicken coop at each student's home and, upon completion of the program, successful participants will be supplied with 100 chickens. The student will care for the flock and will be supplied with all the feed and materials necessary to maintain them. When the chickens begin laying eggs in October, they will be sold locally and the student will receive payment based on production of their flock.

If you are interested please fill out the following form and email it to [wallace.ransom@srmt-nsn.gov](mailto:wallace.ransom@srmt-nsn.gov) or deliver it to the SRMT Environment Division at 449 Frogtown Rd. no later than 4:00 p.m. on Friday July 1, 2016. Each student will be required to have an adult sponsor for the program. For more information, contact Wallace Ransom at (518)358-5937.

Organic Egg Entrepreneur Project Application  
Deadline July 1, 2016 4:00 p.m.

Name: \_\_\_\_\_ Age: \_\_\_\_\_

Address: \_\_\_\_\_ Grade in School: \_\_\_\_\_
