Environment Division to Conduct Aerial Fly-Over of Akwesasne

Akwesasne Territory — From February, 2012 through May, 2012, the SRMT Environment Division will be conducting fly-overs of the Akwesasne Territory to assess timber and potential wildlife habitat in Akwesasne. A low-flying plane will travel across Akwesasne several times. The purpose is for Tribal staff to identify habitat that supports deer and other wildlife. These fly-overs are part of the Environment Division's efforts to manage wildlife resources in the community.

Please call the Environment Division at 518-358-5937 for any questions.
